## Petition in Support of Forest Health/Fuel Reduction Efforts of the Dyer Mountain Initiative

Why?	Forest health has declined & fire danger has risen to dangerous levels in Lake Almanor Basin					
Action Petitioned for:	We, the undersigned concerned citizens, urge CAL FIRE to allocate CCI/Fire Prevention or Forest Health funds to Lassen Fire Safe Council's Dyer Mountain Initiative for fuel reduction and forest health treatments on private lands. These treatments would greatly reduce the risk of catastrophic fire to our community and its citizens.
